PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive, user-friendly web interfaces using HTML5, CSS3, JavaScript, React.js, Tailwind CSS, and Bootstrap. Completed a four-month frontend development internship and delivered three deployed projects, including a React.js news application with REST API integration. Skilled in reusable component development, mobile-first responsive design, and Git/GitHub version control. Seeking an entry-level Frontend Developer role to contribute to production web applications and grow within a professional team.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+)

Frameworks & Libraries: React.js, Tailwind CSS, Bootstrap

Core Concepts: Responsive Web Design, REST API Integration, Reusable Components, DOM Manipulation, Cross-Browser Compatibility, Mobile-First Development, Semantic HTML

Tools & Platforms: Git, GitHub, Visual Studio Code, Netlify, Chrome DevTools, npm

Soft Skills: Problem Solving, Attention to Detail, Team Collaboration, Time Management

EXPERIENCE

Frontend Developer Intern Oct 2025 – Jan 2026

Government College of Technology, Kamalia, Punjab, Pakistan

- Built responsive, user-friendly web interfaces using HTML5, CSS3, JavaScript, and React.js, ensuring consistent rendering across desktop, tablet, and mobile screen sizes.
- Developed reusable React components to reduce duplicated code and speed up page development across multiple layouts.
- Integrated REST APIs to fetch and render dynamic content, handling loading and error states for a smoother user experience.
- Implemented mobile-first responsive layouts with CSS Flexbox, Grid, and Tailwind CSS utility classes.
- Used Git and GitHub for version control, branching, and collaborative code management throughout the internship.

PROJECTS

News Application Jan 2025 – Jan 2026

React.js, REST API, JavaScript, HTML5, CSS3 | github.com/MuhammadSaadAsghar/news-app-in-react-js

- Developed a dynamic news application in React.js that fetches live articles from a third-party REST API and displays them by category.
- Built reusable card and navigation components with React props and state to render filtered results without page reloads.
- Applied responsive design so the article grid adapts cleanly from mobile to desktop viewports.

Business Website Clone 2025

HTML5, CSS3, JavaScript, React.js | prixma-digtal.netlify.app

- Recreated a complete multi-section business website with a pixel-accurate, fully responsive layout.
- Deployed the finished site to Netlify with a live public URL.

Personal Portfolio Website 2025

React.js, Tailwind CSS, JavaScript, HTML5, CSS3 | muhammadsaadasghar.netlify.app

- Designed and developed a responsive personal portfolio in React.js and Tailwind CSS to showcase skills, projects, and contact details.
- Built a component-based architecture so new projects can be added through data updates rather than markup changes.

EDUCATION

Bachelor of Science in Computer Science (BSCS) In Progress

Virtual University of Pakistan, Lahore

Diploma of Associate Engineer (DAE), Computer Information Technology Completed

Government College of Technology, Kamalia, Punjab | Score: 82%
